

Are You Confident With Internet Banking?

SeniorNet Marlborough Sounds and Shane Neal from the Picton Branch of Westpac will be combining forces to help you gain confidence with banking over the internet.

Where: Picton Public Library, 67 High Street, Picton

When: Monday 18 September, starting at 1pm (and sessions later in the year according to demand). These may be at Picton or Linkwater depending on numbers interested.

The course is in 2 parts:

1. A SeniorNet tutor will present a "confidence With Internet Banking" introductory session including access screens for a number of banks.
2. Following this participants will have practice working with a Westpac online demonstration system. Westpac staff will provide direct assistance in this step. During this session participants will be working with dummy information in a demonstration system. No real data is used.

This event is open to all. It is free of charge for Westpac clients and also for SeniorNet members.

In order to guarantee individual assistance to course members it is necessary to limit the numbers we can enrol on this day.

However we are very happy to run more courses during the next few months so please enquire if you are interested. These could be at Linkwater, or Picton if there are sufficient numbers interested.

To register for this, or future sessions, or for more information, please contact:
